

TECHNICAL DATA SHEET

FS4.0168

New rolls for the FS1xx "Cento" and FS3xx FROMM Wrapping machines

The roll **FS4.0168 V02** is composed out of 6 parts

- N°1 Plastic FS4.1517
- N°2 Ball Bearings N31.1160
- N°1 Shaft FS4.1518
- N°2 Seeger N2.1103

Advantage:

From 01-01-2013 It will be possible to order a part of the group FS4.0168 – V02 in order to reduce replacement costs. (For example only plastic or bearings)

V01 Installed in FS3xx FROMM Wrapping machines. (Produced in 2009 / ½ 2010)

V02 Installed in FS1xx "CENTO" and FS3xx FROMM Wrapping machines (From 01-01-2012)

From ½ 2010 until 31-12-2011 we installed the rolls FS4.1017 in FS1xx "CENTO and FS3xx wrapping machines.

The rolls FS4.0168 V02 can be installed in all previous FS1xx/ FS3xx and FS4xx machines (In FS4xx machine we continue installing the rolls FS4.1017)
